Arrowhead Pharmaceuticals to Participate in Upcoming September 2023 Conferences

September 1, 2023

PASADENA, Calif.--(BUSINESS WIRE)--Sep. 1, 2023-- Arrowhead Pharmaceuticals, Inc. (NASDAQ: ARWR) today announced that it is scheduled to participate in the following upcoming events:

Citi's 18 th Annual BioPharma Conference – September 6, 2023

Type: 1-on-1 Investor Meetings

European Respiratory Society (ERS) International Congress – September 9-13, 2023

Date: Sept. 10, 2023, 12:30-14:00 CEST
Type: Poster Session 146
Title: A Clinical-Stage Inhaled RNAi Therapeutic for Pulmonary Inflammation Mediates Durable RAGE Silencing in Nonhuman Primates

Date: Sept. 10, 2023, 12:30-14:00 CEST
Type: Poster Session 146
Title: A Lung-Targeted RNAi Therapeutics Delivery Platform Compatible with Subcutaneous Administration Mediates Pulmonary RAGE Silencing in Rodents and Nonhuman Primates

Date: Sept. 10, 2023, 12:30-14:00 CEST
Type: Poster Session 146
Title: Silencing TSLP Expression with a Lung-targeted RNAi Molecule Suppresses Pulmonary Allergic Inflammation

Date: Sept. 11, 2023, 11:00-12:15 CEST
Type: Late Breaking Abstract
Title: A First-in-human Study of ARO-RAGE, an RNAi Therapy Designed to Silence Pulmonary RAGE Expression

Date: Sept. 12, 2023, 8:00-9:30 CEST
Type: Poster Session 383
Title: A Clinical-stage RNAi Therapeutic Candidate for IPF Mediates Durable MMP7 Silencing in Nonhuman Primates and Human Lung Tissue

Baird 2023 Global Healthcare Conference – September 12, 2023

Type: Fireside Chat Presentation

Morgan Stanley 21st Annual Global Healthcare Conference – September 13, 2023

Type: Fireside Chat Presentation

2023 Cantor Fitzgerald Global Healthcare Conference – September 27, 2023

Type: Fireside Chat Presentation

Webcast links and presentation materials may be accessed on the Events and Presentations page under the Investors section of the Arrowhead website.

About Arrowhead Pharmaceuticals

Arrowhead Pharmaceuticals develops medicines that treat intractable diseases by silencing the genes that cause them. Using a broad portfolio of RNA chemistries and efficient modes of delivery, Arrowhead therapies trigger the RNA interference mechanism to induce rapid, deep, and durable knockdown of target genes. RNA interference, or RNAi, is a mechanism present in living cells that inhibits the expression of a specific gene, thereby affecting the production of a specific protein. Arrowhead's RNAi-based therapeutics leverage this natural pathway of gene silencing.

Safe Harbor Statement under the Private Securities Litigation Reform Act:

This news release contains forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Any statements contained in this release except for historical information may be deemed to be forward-looking statements. Without limiting the generality of the foregoing, words such as "may," "will," "expect," "believe," "anticipate," "hope," "intend," "plan," "project," "could," "estimate," "continue," "target," "forecast" or "continue" or the negative of these words or other variations thereof or comparable terminology are intended to identify such forward-looking statements. In addition, any statements that refer to projections of our future financial performance, trends in our business, expectations for our product pipeline or product candidates, including anticipated regulatory submissions and clinical program results, prospects or benefits of our collaborations with other companies, or other characterizations of future events or circumstances are forward-looking statements. These forward-looking statements include, but are not limited to, statements about the initiation, timing, progress and results of our preclinical studies and clinical trials, and our research and development programs; our expectations regarding the potential benefits of the partnership, licensing and/or collaboration arrangements and other strategic arrangements and transactions we have entered into or may enter into in the future; our beliefs and expectations regarding milestone, royalty or other payments that could be due to or from third parties under existing agreements; and our estimates regarding future revenues, research and development expenses, capital requirements and payments to third parties. These statements are based upon our current expectations and speak only as of the date hereof. Our actual results may differ materially and adversely from those expressed in any forward-looking statements as a result of numerous factors and uncertainties, including the impact of the ongoing COVID-19

pandemic on our business, the safety and efficacy of our product candidates, decisions of regulatory authorities and the timing thereof, the duration and impact of regulatory delays in our clinical programs, our ability to finance our operations, the likelihood and timing of the receipt of future milestone and licensing fees, the future success of our scientific studies, our ability to successfully develop and commercialize drug candidates, the timing for starting and completing clinical trials, rapid technological change in our markets, the enforcement of our intellectual property rights, and the other risks and uncertainties described in our most recent Annual Report on Form 10-K, subsequent Quarterly Reports on Form 10-Q and other documents filed with the Securities and Exchange Commission from time to time. We assume no obligation to update or revise forward-looking statements to reflect new events or circumstances.
