Arrowhead Pharmaceuticals to Participate in Upcoming June 2024 Conferences

May 31, 2024

PASADENA, Calif.--(BUSINESS WIRE)--May 31, 2024-- Arrowhead Pharmaceuticals, Inc. (NASDAQ: ARWR) today announced that it is scheduled to participate in the following upcoming events:

16th European Glaucoma Society (EGS) Congress – June 1-4, 2024

Title: **Development and Characterization of Trabecular Meshwork Targeted RNAi Molecule Platform via Intracameral Administration for Glaucoma**
Date/Time: June 2, 2024, 10:30 a.m. IST
Session: Poster Section

Jefferies Global Healthcare Conference – June 5-6, 2024

Type: Fireside Chat Presentation
Date/Time: June 5, 2024, 12:30 p.m. EDT

European Association for the Study of the Liver (EASL) Congress 2024 – June 5-8, 2024

Title: **Proteomic analysis identified fazirsiran treatment-responsive protein biomarkers in patients with alpha-1 antitrypsin deficiency-associated liver disease**
Date: June 7, 2024
Type: Poster

Title: **Correlation of non-invasive tests with histological features and intrahepatic Z-alpha-1 antitrypsin burden in patients with alpha-1 antitrypsin deficiency-associated liver disease**
Date: June 7, 2024
Type: Poster

Goldman Sachs 45th Annual Global Healthcare Conference – June 10-13, 2024

Type: Fireside Chat Presentation
Date/Time: June 12, 2024, 4:00 p.m. EDT

22nd Asian Pacific Congress of Nephrology (APCN 2024) – June 13-16, 2024

Title: **Safety, Tolerability, and Pharmacodynamics of ARO-C3, a Subcutaneously Administered Investigational RNA-interference Therapeutic Targeting Complement C3 in Adult Healthy Volunteers**
Date: June 13, 2024
Type: Poster

American Diabetes Association (ADA) 84th Scientific Sessions – June 21-24, 2024

Title: **Liver-specific silencing of INHBE with ARO-INHBE, an siRNA therapeutic, for metabolic diseases**
Date: June 24, 2024
Type: Poster

6th Annual RNA Therapeutics Conference | Symposium 2024 From Concept to Clinic – June 26-28, 2024

Title: **Rank order TRiM™ activity correlates with RISC loading and can be enhanced by cPrp modification**
Date/Time: June 28, 2024, 1:00-2:30 p.m. EDT
Session: Poster Session II

Presentation materials may be accessed on the Events and Presentations page under the Investors section of the Arrowhead website.

About Arrowhead Pharmaceuticals

Arrowhead Pharmaceuticals develops medicines that treat intractable diseases by silencing the genes that cause them. Using a broad portfolio of RNA chemistries and efficient modes of delivery, Arrowhead therapies trigger the RNA interference mechanism to induce rapid, deep, and durable knockdown of target genes. RNA interference, or RNAi, is a mechanism present in living cells that inhibits the expression of a specific gene, thereby affecting the production of a specific protein. Arrowhead's RNAi-based therapeutics leverage this natural pathway of gene silencing.

Safe Harbor Statement under the Private Securities Litigation Reform Act:

This news release contains forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Any statements contained in this release except for historical information may be deemed to be forward-looking statements. Without limiting the generality of the foregoing, words such as "may," "will," "expect," "believe," "anticipate," "hope," "intend," "plan," "project," "could," "estimate," "continue," "target," "forecast" or "continue" or the negative of these words or other variations thereof or comparable terminology are intended to identify such forward-looking statements. In addition, any statements that refer to projections of our future financial performance, trends in

our business, expectations for our product pipeline or product candidates, including anticipated regulatory submissions and clinical program results, prospects or benefits of our collaborations with other companies, or other characterizations of future events or circumstances are forward-looking statements. These forward-looking statements include, but are not limited to, statements about the initiation, timing, progress and results of our preclinical studies and clinical trials, and our research and development programs; our expectations regarding the potential benefits of the partnership, licensing and/or collaboration arrangements and other strategic arrangements and transactions we have entered into or may enter into in the future; our beliefs and expectations regarding milestone, royalty or other payments that could be due to or from third parties under existing agreements; and our estimates regarding future revenues, research and development expenses, capital requirements and payments to third parties. These statements are based upon our current expectations and speak only as of the date hereof. Our actual results may differ materially and adversely from those expressed in any forward-looking statements as a result of numerous factors and uncertainties, including the impact of the ongoing COVID-19 pandemic on our business, the safety and efficacy of our product candidates, decisions of regulatory authorities and the timing thereof, the duration and impact of regulatory delays in our clinical programs, our ability to finance our operations, the likelihood and timing of the receipt of future milestone and licensing fees, the future success of our scientific studies, our ability to successfully develop and commercialize drug candidates, the timing for starting and completing clinical trials, rapid technological change in our markets, the enforcement of our intellectual property rights, and the other risks and uncertainties described in our most recent Annual Report on Form 10-K, subsequent Quarterly Reports on Form 10-Q and other documents filed with the Securities and Exchange Commission from time to time. We assume no obligation to update or revise forward-looking statements to reflect new events or circumstances.
